

Are you

**an innovator
and have
conceptualized a
product idea and
want to convert it to
a prototype?**

**an early stage
startup and
interested to
develop your
hardware product?**

**interested in
building a startup
by converting your
idea to a product?**

IIT Gandhinagar Innovation and Entrepreneurship Center is providing an opportunity to support your product development endeavors under **Nidhi Prayas Program**

ABOUT NIDHI PRAYAS

Promoting and Accelerating Young and Aspiring technology entrepreneurs (PRAYAS) is a program specifically to support young innovators turn their ideas into proof-of-concepts. This support allows the innovators to try their ideas without fear of failure, hence allowing them to reach a stage where they have a ready product and are ready for commercialization by starting up with the help of the Incubator.

BENEFITS AVAILABLE UNDER PROGRAM

- A prototype grant of upto **INR 10 LAKHS** to build prototype
- Access to Tinkerer's Lab, IITGN Library, Labs
- Mentorship in design, development, technology and business, support in IP protection
- Access to IIEC Co-working space, mentors
- Help in commercialization

**THE CURRENT CALL FOR
APPLICATIONS IS OPEN
TILL **OCTOBER 10, 2020****
